

— BRAND BAR —

INSTRUCTIONS

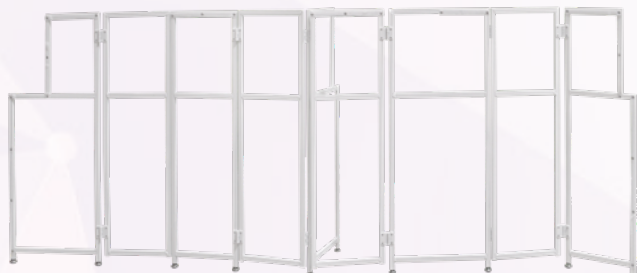

PARTS LIST

TABLE TOP BOARDS

FRAME

STOOL

UMBRELLA

PARTS

COOLER

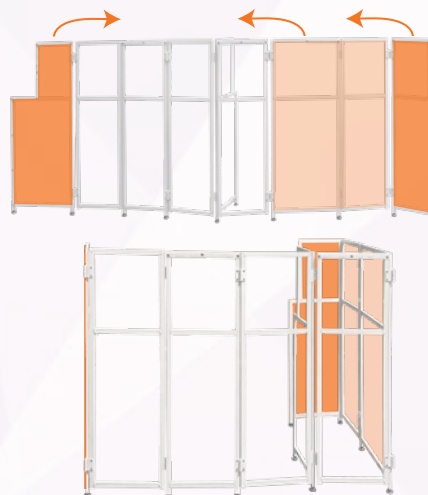

STEP 1:

Remove the bags from the cardboard box. There are two packages. The smaller package contains the stools.

STEP 2:

Take out the iron bar frame and extend it. Next fold both sides inward as shown below.

DO NOT use the umbrella in high winds. Remove and store the umbrella during severe weather conditions.

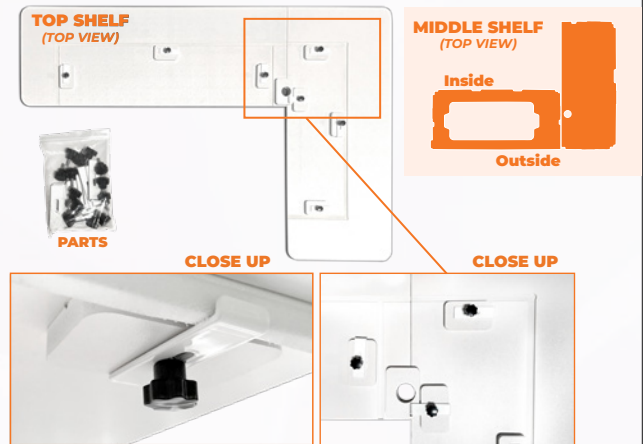

STEP 3:

Place the first two bottom rows of the tables.

STEP 4:

Attach the middle and top shelf of the table using the parts bag, securing them from underneath the shelf. (Top shelf image shown for reference)

STEP 5:

The cooler can be inserted in the **second shelf** of the bar. **Push down** on the inside to extend it out and make sure it is not folded.

STEP 6:

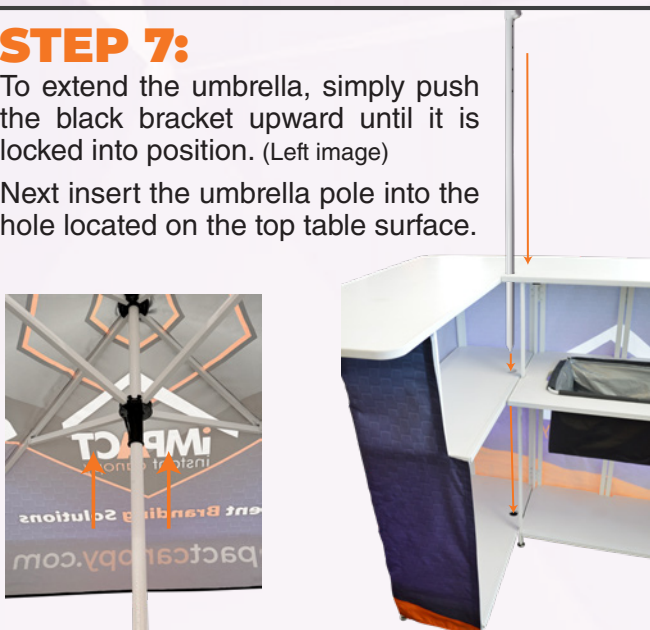

Drape the fabric over the bar and align it as needed. Once positioned correctly, use the Velcro to secure the fabric to the bar.

STEP 7:

To extend the umbrella, simply push the black bracket upward until it is locked into position. (Left image)

Next insert the umbrella pole into the hole located on the top table surface.

STEP 8:

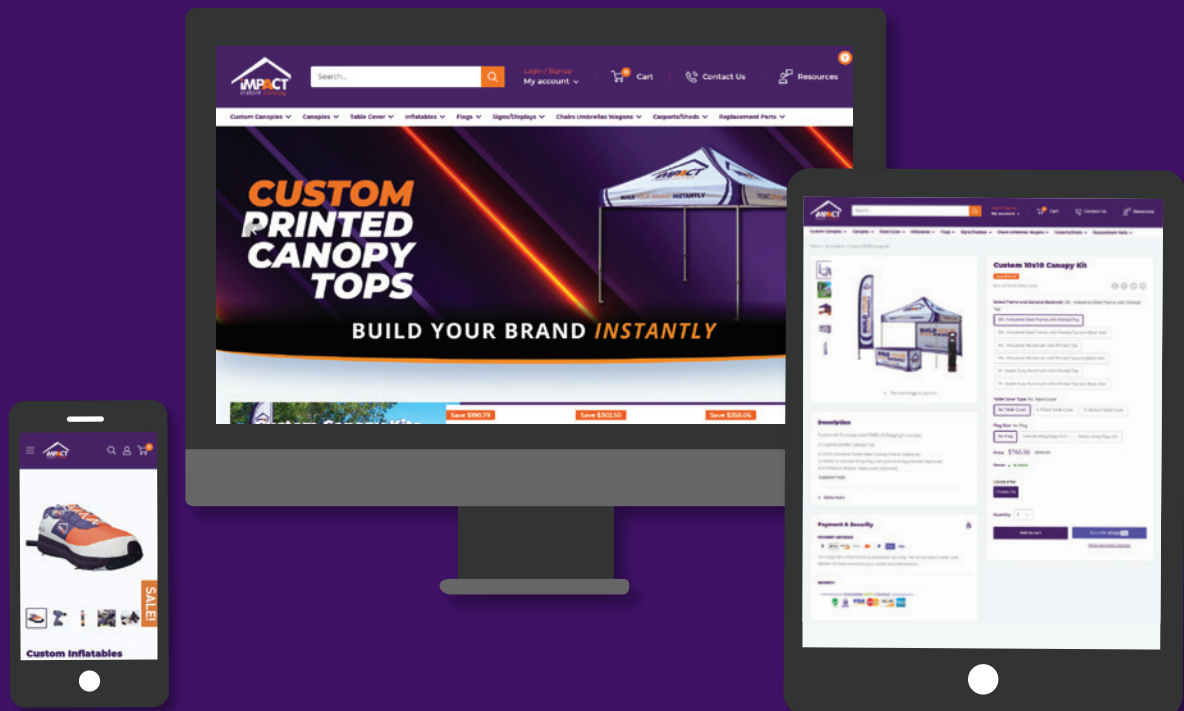

Remove a stool from the box, then gently press down on the seat while pulling the lower section of the legs outward until they are fully extended and locked into position.
