

CUSTOM CANOPY TOP

Impact custom canopies are available in multiple sizes and colors. Our custom-printed canopy tops are produced with premium 500 Denier polyester for a canopy that is water, mildew and rot resistant. Our proven manufacturing process and strict quality guidelines make us the leader in custom canopies that meet ULCS 109, CAPI 84, and NFPA 701 fire codes. High resolution images and intricate patterns are our specialty. Our printing processes create vivid, high impact colors in an infinite number of combinations.
