

# RUBBER WEIGHTS

Impact Rubber Weights are the perfect solution for securing your canopy, flags, umbrellas or more. Made from long lasting high density rubber, Impact Rubber Weights are carefree and will last far beyond the life of any canopy or umbrella. They can even be stacked up depending on the amount of weight required. Each rubber weight plate has a large carry handle for easy placement and removal and a universal leg slot which will accommodate a variety of Instant Canopies or structure legs.
